PRICING

Standard First Office Visit: First visit - *45 minute* consultation with physician \$235

- Dr. Lee works one-on-one with patients to achieve optimal health. The comprehensive initial consultation covers medical history, current symptoms, diet, lifestyle, medications, supplements, and future goals. Individualized recommendations are created for the unique circumstances surrounding each case.

Standard Follow-up Visit: Second or later visit - *30 minute* consultation with physician \$160

- After the initial consultation, patients continue to work with Dr. Lee during follow-up visits of approximately 30 minutes. The frequency of subsequent appointments depends on individual health needs and the pace of progress. Once health is restored, Dr. Lee usually sees patients yearly for an annual “tune-up.”

Extended Office Visit: Extended first visit or second visit with extensive lab results – *60 minute* consultation with physician \$320
